

TUYA WIFI NETWORK CONNECTION

- Motor must be powered on and your phone connected to a 2.4 GHz WI-FI network and with Bluetooth ON. Neither the name of the WI-FI network nor its password must contain Chinese or special characters.

- **Download TUYA SMART APP** from your app store or scanning below QR code (most recent version prevails).

STEP BY STEP INSTRUCTIONS

1 Register an account and login.

2 Go to the main page and press the up-right button “+”.

3 The app will automatically start searching for available devices.

4 If the auto search fails, try to “manually add” your device.

5 Choose MANUALLY ADD/SMALL APPLIANCES/CURTAINS (WI-FI).

6 The motor light will flash fast. If it does not, short press 3 times the black button on the motor, the light will flash fast, then follow the “MANUALLY ADD” steps again.
